

FRIDAY 13 NOVEMBER 2015

13:30 - 13:50 Registration
 13:50 - 14:00 Welcome by the President, Anne Delbaere

TOPIC 1: PGS reinvented

Chairs: Willem Verpoest, UZ Brussel – Bjorn Menten, UZ Gent
 14:00 - 14:20 Pro
Laura Rienzi, GENERA Reproductive Medicine Centre, Italy
 14:20 - 14:40 Con
Sjoerd Repping, Amsterdam Medical Center, the Netherlands
 14:40 - 15:00 Debate

TOPIC 2: Controverses in sperm testing

Chairs: Martine Nijs, Nij Geertgen – Annick Delvigne, CHC St.-Vincent Rocourt
 15:00 - 15:20 DNA fragmentation and antioxidants: ready for the routine
Jackson Kirkman-Brown, Birmingham, UK
 15:20 - 15:40 Sperm function testing: is it useful?
Usha Punjabi, UZ Antwerpen
 15:40 – 16:00 Debate

16:00 - 16:30 Coffee break

Sponsored symposium MSD

Chair: Anne Delbaere, Hôpital Erasme
 16:30 – 17:00 To pill or not to pill in GnRH antagonist cycles
Juan Garcia Velasco, Rey Juan Carlos University, Madrid, Spain

TOPIC 3: Sperm donors

Chairs: Herman Tournaye, UZ Brussel - Luc Roegiers, UCL St.-Luc
 17:00 - 17:20 Does the perfect donor exist?
Annick Delvigne, CHC St.-Vincent Rocourt
 17:20 - 17:40 Identifiable or anonymous?
Guido Pennings, Ghent University
 17:40 – 18:00 Debate

BSRM Honorary Member 2015

18:00 - 18:10 Honorary member 2015
Inge Liebaers, prof.em. UZ Brussel
 Introduced by Willem Verpoest, UZ Brussel
 18:10 - 18:30 Lecture Honorary Member: Does DNA tell us more than Tarot cards?
Inge Liebaers, prof. em. UZ Brussel
 19:30 Reception & dinner party

SATURDAY 14 November 2015

Free communications

- Chairs: Greta Verheyen, UZ Brussel - Dominique Raick, CHC - Saint-Vincent
- 09:00 – 09:15 Proof of principle: the separate collection of oocytes and granulosa cells from paraffin-embedded primordial follicles using laser capture microdissection for gene expression analyses
Chloe De Roo, UZ Gent
- 09:15 – 09:30 Preimplantation Genetic Diagnosis (PGD) for translocation carriers using whole genome screening by microarray analysis at the blastocyst stage
Christodoulos Christodoulou, UZ Gent
- 09:30 – 09:45 Freeze all strategy: but which one? Relation between blastocyst morphology and Implantation potential after fresh or vitrified day 5 embryo transfer from the same IVF cycle
David Jareño Martinez, Centre Hospitalier Inter Régional Cavell (CHIREC)
- 09:45 – 10:00 Trophoblast differentiation of in vitro implanting human embryos
Asma Aberkane, VUB
- 10:00 – 10:15 Human oocyte calcium analysis (HOCA) uncovers sperm related oocyte-activation deficiencies in patients with previous fertilisation failure after ICSI
Minerva Ferrer-Buitrago, UZ Gent
- 10:15 – 10:30 Open versus closed oocyte vitrification in an oocyte donation program: a prospective comparative sibling oocyte study
Neelke De Munck, UZ Brussel

BELRAP

- 10:30 - 10:50 BELRAP 2013
Christine Wyns, President of the College of Physicians Reproductive Medicine

10:50 - 11:20 Coffee break

TOPIC 4: Luteal phase support

- Chairs: Céline Pirard, UCL St. Luc – Tom Coetsier, AZ St-Lucas Gent
- 11:20 - 11:40 Luteal phase in IUI: support or not?
Diane De Neubourg, UZ Antwerpen
- 11:40 - 12:00 Luteal phase support for frozen embryo transfer cycles
Arne Van de Vijver, UZ Brussel – AZ- St. Jan Brugge

BSRM Keynote Lecture

- Chair: Frank Vandekerckhove, UZ Gent
- 12:00 - 12:30 Why are we gullible?
Johan Braeckman, Ugent

BSRM Award
